3. The Group continued Part III of the NSA list down through On-line Encryption. NSA agreed to re-examine the basic definition of Encryption and supply a candidate definition.

4. The definitions of Counterintelligence and FCI were discussed again. There is some thought that the definition might include the subsets Counterespionage and Countersabotage. The FBI disavows Countersubversion as an operative word in its lexicon and wonders about the utility of defining the other two. Army and FBI will explore further.

5. The next meeting of the Working Group will begin at 1330, 14 March 1978, CHB Room 5S09, with TEMPEST on the NSA final list.
